3) DEPOSITING TO JUSTBET

Now that you have Bitcoin available on EDGE, you're ready to fund your sports account.

First, go to the JustBet website since that's where you will be getting the address to send the funds to.

Just log in to your account and follow these steps:

1. Open the Cashier
2. Select **Deposit**
3. Select **Bitcoin**
4. Enter the **amount** to deposit (this must be the exact amount you want to deposit)
5. Claim a **bonus** (optional)
6. Hit **GET ADDRESS**

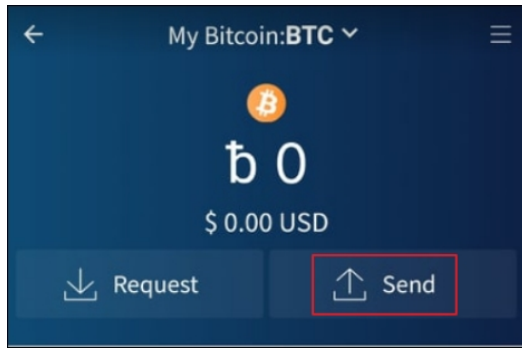

You will now need to **copy this address**. Just tap anywhere on the address or on the small copy icon (like two sheets of paper) to the right of the address. ***Please do NOT type the address by hand. Always use the copy-paste feature!***

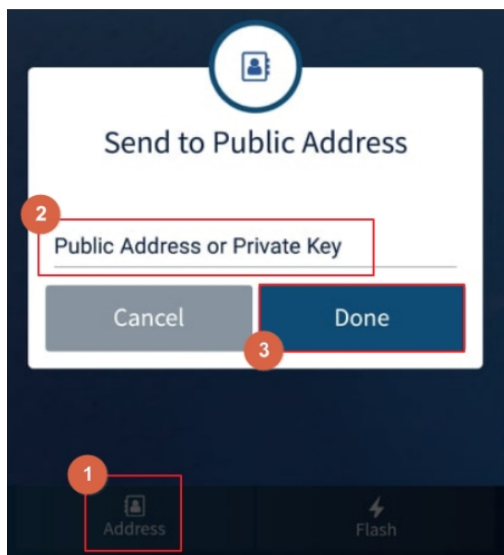

Next, return to your EDGE App, go to the **My Wallets** section (first screen when you log in) and tap the currency type you are going to send (for example **My Bitcoin**).

Now, hit the **Send** button.

On the next screen, tap **Address**, paste the address into the window, and hit **Done**.

The last step is to enter the amount you want to send and complete the transaction.

Your deposit will then be posted to the blockchain. It usually takes **10-60 minutes** for deposits to be confirmed.

You can check the status on any transaction by going to the blockchain website and entering your deposit's address: <https://www.blockchain.com/explorer>

4) WITHDRAWING FROM JUSTBET

Now, go to your JustBet account and:

1. Open the **Cashier**
2. Select **Withdraw**
3. Choose **Bitcoin**
4. Choose the **amount**
5. **Paste** the Bitcoin address you had copied from your EDGE App
6. Hit **Verify Withdraw**

It normally takes only **2-3 hours** for your withdrawal to be sent, but may take up to **48 hours** in some rare cases.

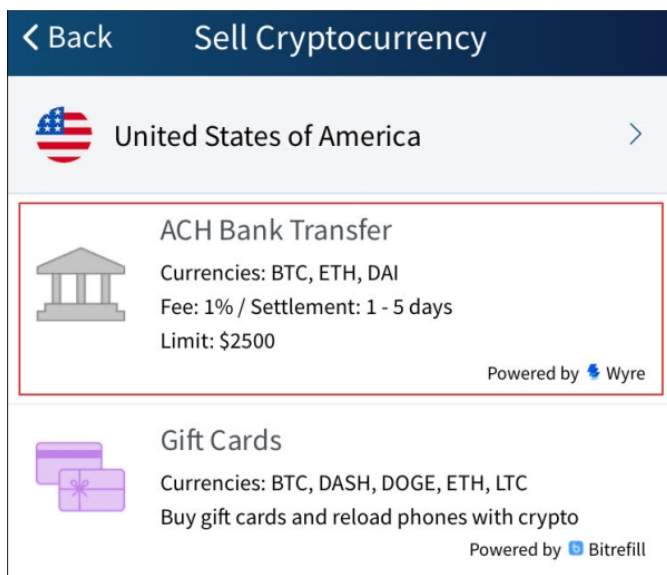

NOTE: We highly recommend withdrawing your Bitcoin out of your Edge wallet as soon as you receive it. This way you can protect yourself against any possible drop in the value of Bitcoin.

Once the Bitcoin hits your EDGE account, open the expandable menu on the top right corner and select **Sell Cryptocurrency**:

On the next screen, you'll see two options: "ACH Bank Transfer" and "Gift Cards".

-  **ACH Bank Transfer** lets you convert your Bitcoin into USD and withdraw directly to your bank account.
-  **Gift Cards** lets you use Bitcoin to purchase gift cards, reload pre-paid mobile phones and more.

To withdraw your Bitcoin, you'll need to pick **ACH Bank Transfer**, and then follow the steps to create a Wyre account and link your personal bank account.

For every transaction made using Bank Transfer, there is a small **1% fee**.

It will take about **1 business day** for initial account verification, and each transaction takes from **3-5 business days** for the funds to hit your bank account.
